

Roseville College

HSC Outcomes 2021

From the Principal

We are so proud of our class of 2021. Through the most challenging of years, they have been impressive: their good grace in supporting each other, their collegiality in sharing the joy of each little win, and their ability to walk out of their exams still smiling (even if under a mask). They nailed it.

We are delighted by their success and extremely high achievement. But, at Roseville College, this is never the full story. Scattered across these results we acknowledge the gentle personal victories for many, the immense dedication for most, and the overcoming of significant challenges for some.

Behind the achievements of our students, we also acknowledge the expertise and skill of our Roseville College teachers. Their dedication to learning, their generosity in sharing their time and knowledge, and their genuine care for each student make all the difference.

My hope for every student is that this ending is, in fact, seen as a beginning: that each one is well prepared and ready to begin the next stage of her life beyond the Bancroft Avenue gates. For the Class of 2021, with all their potential, I wonder if it’s really about preparing them for the world or preparing the world for them.

Congratulations Class of 2021, we always were and always will be proud of you. We cannot wait to see where the road takes you next.

Ms Deb Magill
Principal

HSC Highlights

AUSTRALIAN TERTIARY ADMISSION RANK (ATAR) from student data as at 4:00pm on 20 January 2022.

33%

of students achieved an ATAR of **95.00 and above**

57%

of students achieved an ATAR of **90.00 and above**

84%

of students achieved an ATAR of **80.00 and above**

From the Students

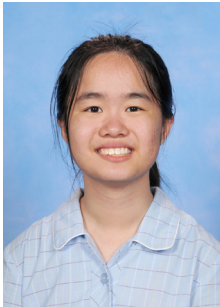

Gemma Snyman
College Captain

‘Remember how proud we were just to get through the HSC after two years of COVID interruptions! We know who we are, and we have accomplished so much. Yes, the results in these pages have a purpose, but they are not who we are. It is our authentic self that matters – yes, even beyond the gates of Roseville College!’

Today, as much as during the HSC, we are women who know how to have fun and enjoy our lives, who make the most of every situation, who believe in one another, and who look for the silver lining. The sisterhood of the Class of 2021 is strong and enduring. I encourage each of you to stay connected to one another. Congratulations on completing the HSC.’

Gemma wishes to pursue a double degree in STEM, Arts and Law at Sydney University and says she intends to pursue courses that she loves as she homes in on what captures her attention as her career prospects unfold.

Rita Wen
College Dux
and HSC Dux

Rita advises Roseville girls to, ‘Know yourself and what you love, and pursue that with a whole heart trusting that you can make a real difference in the lives of others’.

She has her eyes set on a Bachelor of Secondary Education and aspires to emulate the inspiring qualities of her own teachers in English and Mathematics.

‘After being taught at Roseville by educators who are so passionate and insightful, I believe that teaching and research suits me so well. Admittedly, I am well suited to a life of teaching and learning – and there is so much innovation in this space. I enjoy the learning process and I am energised by collaborating with others as we work together. I am really excited about bringing my passion to the classroom for students one day... maybe even returning to Roseville College!’
